Re: Schiavo, Theresa - #1834-Guardianship

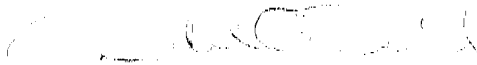

Dear Pat:

Mike Schiavo asked me to inform you that Father Melanowski is no longer on the authorized list to visit Teri at the nursing home in the company of family members.

Mike has reports from the staff at Morton Plant Hospital that Father Melanowski attempted to visit Teri at the hospital on his own. He told the hospital staff that he "has a court order" to visit, and that he is the "court-appointed chaplain".

Please let your clients and Father Melanowski know that Father Melanowski is not authorized to visit Teri at the hospital, the nursing home, or in any other venue.

Sincerely,

Deborah A. Bushnell
